

Project «BOOSTER»

Activity

The company "BOOSTER" has been specializing for nearly 10 years in the **sale of chargers, boosters, testers, and accessories for batteries used in automobiles**. It operates under its own brands as well as for private labels and is currently at the **break-even point**.

Location

The clientele, exclusively professional, is located in **France, Belgium and the Netherlands**.

Strengths

An excellent **reputation** based on the performance and reliability of the distributed products.

A **promising market** that grows fast.

An office in Asia capable of sourcing **special and innovative products**.

A **strong development potential**, particularly in terms of clientele.

The company, at the break-even point, **can become profitable quickly**.

Key figures

- Revenues: **350k€**
- Ebitda: **20k€**
- Equity: **70k€**
- Net debt : **120k€**

Transaction

After almost 10 years at the head of the company, the shareholders of « BOOSTER » wish to retire. They are **willing to support the buyer and ensure management continuity**. The sale will take the form of a **share deal** for **100% of the company's shares**.
