Activity

With a presence in Wallonia and Brussels, the company EASY ACCESS helps people with reduced mobility to adapt their homes (stairlifts, platform lifts, private lifts and bathroom adaptations). Its expertise and renowned partners make it a key player in its fast-growing market.

Strengths

Internationally renowned suppliers are a differentiating strength in terms of both product quality and design.

The company's services benefit from **public financial aid**, enabling it to absorb or significantly reduce the cost to the customer.

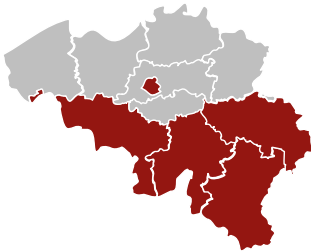

A growing market : the ageing of the population and the introduction of public policies are encouraging PRMs to remain in their own homes.

Business volumes and **profitability** are up, with a healthy balance sheet structure.
